Is this a scam?
5 red flags

- It's unexpected.
- It rushes or scares you.
- It gives you a link or number to use.
- It asks for money in an unusual way.
- It asks for a password, a code or access to your computer.

Stop. Check. Protect.

Stop before you give money or details.

Check the person or organisation is real, using contact details you find yourself.

Protect yourself by acting quickly if something feels wrong.

Not sure? Hang up and call the organisation on a number you find yourself.
